CDLEGANÉS

CLUB DEPORTIVO LEGANÉS

Founded in 1928, C.D. Leganés is one of the most promising clubs in Spanish football. Based just 15 minutes from central Madrid, the club has played five seasons in LaLiga and is known for its modern management model and excellence in youth development.

Driven by the values of **ambition, teamwork, and passion**, C.D. Leganés leads international projects that combine professional training, strong local roots, and a global vision.

With Butarque Stadium as its symbol and an expanding academy structure, the club is a benchmark for young talents seeking to grow in a competitive and supportive environment.

PROGRAM

The International Academy of Club Deportivo Leganés offers a high-intensity training program designed for footballers aged 12 to 23 who are seeking to take the next step in their athletic development.

Designed to provide a professional experience, the program takes place at the club's official facilities and follows the CD Leganés methodology, known for its technical-tactical approach, high standards, and player-focused adaptation.

With a minimum of three intensive training sessions per week, participants enter a high-performance environment guided by licensed coaches and football professionals.

Players of legal age may take part in friendly matches and may even compete in the club's official U19 or U23 teams, becoming part of CD Leganés' youth development structure.

CDLEGANÉS

PROGRAM OBJECTIVE

The main goal is to deliver a high-level football training experience that enhances both athletic development and personal growth. With the support of a committed technical team, we work across the following key areas:

- **Football:** Intensive training based on the club's official methodology, conducted at professional facilities with personalized follow-up and performance analysis.
- **Experience:** Players live the daily routine of a high-level footballer — physical and tactical sessions, mentoring, tournaments, emotional well-being, and training in leadership. A multidisciplinary team supports their full development.
- **Culture and Education:** Madrid offers a safe and stimulating cultural environment. Additionally, through the Universidad Europea de Madrid, players can study undergraduate degrees in different languages and complete internships within the club, combining sport with academic development.

The background image is a soccer match scene, heavily tinted with a dark blue color. It shows a player in a dark jersey jumping in the air, while another player in a light-colored jersey with dark stripes is sliding on the grass in front of him. A soccer ball is visible on the ground to the left. In the background, the stadium seating is visible but out of focus.

PROGRAMS

The **International Academy of CD Leganés** offers programs designed to fit each player's stage of development — from promising youth to pre-professional footballers. Each option combines high-performance training, immersive club experience, and real opportunities for athletic growth.
